Appendix B: Required OSDE Forms and Assurances.....	9

PART I: General Information

Introduction and Purpose

Beginning in the 2024-2025 school year, all school districts will be required to offer four (4) Advanced Placement (AP) courses per [\(70 O.S. § 1210.704\)](#). To assist with this new requirement, the Oklahoma State Department of Education (OSDE) is authorized to provide grants to school districts to support AP course implementation that includes a one-time equipment and/or instructional materials grant for the purpose of providing and/or supporting an advanced placement course [\(70 O.S. § 1210.703\)](#). **The AP One-Time Materials Grant is available to any teacher who teaches an existing AP course or who will begin a new AP course in the 2023-24 school year.** The maximum award for an AP One-Time Materials grant is up to \$25,000. Districts can apply for more than one grant but each teacher can only apply for one award. For the 2023 grant funding cycle, **any school district is eligible to apply for this funding, even if a teacher has received a one-time grant for equipment or materials in the past.**

Timeline of Granting Process

Date	Activity/Action
March 10, 2023	Applications available online
April 21, 2023	Applications are due
May 10, 2023	Award Announcement
July 1, 2023	Grant Funds Available to Districts
June/July, 2023	AP Summer Institutes are held
August 15, 2023	*Copy of AP Summer Institute attendance certificate is due
May 15, 2024	All grant funds must be spent
June 1, 2024	Detailed expenditure report is due

* Grant funds awarded after proof of summer institute attendance.

Technical Assistance for Applicants

Questions pertaining to the application process can also be submitted via email to leah.murphy@sde.ok.gov.

Grant Requirements

For this funding round, OSDE will give priority to AP Courses that propose support in one of the following subject areas:

Subject Areas		
Art and Design	European History	Statistics
Biology	French Language and Culture	Studio Art
Calculus AB and BC	Human Geography	U.S. History
Chemistry	Music Theory	U.S. Government and Politics
Computer Science A	Macroeconomics	World History
Computer Science Principles	Microeconomics	
English Language	Physics	
English Literature	Psychology	
Environmental Science	Spanish Language and Culture	

Please note that districts are not limited to only these AP courses. If a course is not listed, districts are encouraged to contact Leah Murphy (leah.murphy@sde.ok.gov) to gain permission to apply for funding for a subject not listed.

Authorized Activities

Authorized uses for this project include supplies/materials and equipment for a new or existing Advanced Placement course. For example:

- Science lab equipment or supplies
- Graphing Calculators
- Novels
- Curriculum
- Math Manipulatives
- iPads
- Chromebooks
- Classroom library books
- Research materials
- Classroom equipment (Single item costing \$5000 or more)
- Other

To request supplies/materials/equipment, the district must justify a need for the materials that goes beyond the fact they do not currently have the materials. For example, a need justification may include a specific novel an AP class may want to include in their curriculum.

Unauthorized Activities

Unauthorized activities that cannot be requested with these grant funds could include:

- Training costs for teachers to attend AP training*
- Travel costs for teachers to attend AP training or for students to go on field trips
- Internet and telephone connectivity
- Student transportation
- Student AP test fees

If a district has a question about an allowable cost, they can direct that question to leah.murphy@sde.ok.gov.

*If the AP Summer Institute course is offered in Oklahoma through OSDE, teachers will attend those course offerings without using grant funds.

If the course is **not** offered in Oklahoma through OSDE, educators may use grant funding for **registration** in that course through alternate avenues of course offerings; however, this must be included in budget narrative, **and will not include actual travel expenses at attend the out-of-state or alternate training course.**

College Board provides information regarding where to find AP Summer Institute across the country. To find your specific course (and dates), follow [this link](#).

Program Accountability and Monitoring

To fulfill its monitoring responsibilities, the OSDE requires that funded applicants submit appropriate fiscal and program documentation through the Oklahoma Grant Management System (GMS). This will include requiring each grant to:

- meet the eligibility requirements for the grant described herein, and has provided all required assurances that it will comply with all program implementation and reporting requirements.
- appropriately use the funds according to the approved grant budget submitted as described in this application package or have on file in GMS a budget change request form submitted and approved by OSDE AP staff.

- complete grant funded deliverables within the timeline in which the funds provided are to be used.

Performance Reporting

To fulfill its monitoring and reporting responsibilities, OSDE requires that funded applicants submit appropriate fiscal and program documentation. Performance reporting requirements include those for both programmatic reporting and fiscal reporting. The grantee is responsible for ensuring that all reports are accurate, complete, and submitted on time. Achievement of grant goals and objectives will be reviewed through the final report process.

Programmatic Reporting Requirements:

- Teacher trained through AP summer institute with a copy of certificate submitted. AP summer institute certificates are valid (for the purposes of this grant) for 5 years.
- Teacher's course undergoes and passes the [AP course audit](#).
- Enrollment roster of students in the course for the 2023-2024 school year.
- AP exams are **made available and highly encouraged** to the entire roster of students in the course.
- An AP Examination Student Summary Report submitted in GMS that demonstrates how many students participated in the examination and their score ranges.
- An end-of-grant evaluation form completed for each awarded grant that restates the grant's objectives and describes if and how each objective was achieved or not achieved. If objectives were not achieved, the district should include an explanation as to why the objective(s) were not met.

Fiscal Reporting Requirements:

- All funds expended by the deadline.
- OCAS printout submitted in GMS within the deadline.

Project Budget

A project budget of proposed expenditures to be funded by the grant must be submitted with the application. Expenditures must align with the final approved budget and must be authorized and approved supplies, materials, and equipment only. See attached project budget form to be completed and submitted with the grant narrative.

Review and Selection Process

Two to three reviewers from diverse backgrounds--without a vested interest in any application being funded--will use the scoring rubric in Appendix A to evaluate each application based on the quality of the proposed activities and the capability and intent of the applicant to implement the AP course. After the reviewers individually score an application, the scores will be averaged. An application can earn up to 100 points for an average score. Applications earning a score of 90 or higher will receive first consideration for funding. Remaining applications with an average score within the adequate/meets range will be considered if all funds are not yet expended from priority district scores.

Appeals Process

An applicant who has submitted an application that the OSDE does not fund has 30 calendar days after receiving notification that the application is not funded to request a review of the process. Scores may not be appealed. An unfunded applicant may inquire as to whether or not the application process was followed. The request for review must be directed to the State Superintendent of Public Instruction and must state the reasons for the request. The Superintendent may delegate the authority to conduct a review. The designated authority will issue a decision after the review of the information submitted by the applicant and the program office. This decision will be the final decision of the agency.

Part II: Application Overview, Content, and Instructions

Applications must be completed and submitted digitally by **April 14, 2023**.

The budget must be consistent with the intent of the grant. Funds are to be used for classroom supplies, materials, and equipment for a specific for an existing or new AP course.

A commitment to initial Advanced Placement training is required if there is no evidence of previous attendance to the AP training for the course being requested. This training must occur in the summer of 2023 and MUST include at least a one-week Advanced Placement Summer Institute (APSI) conducted by the College Board or contracted agency held in Oklahoma. It is further recommended that instructors continue to receive follow-up training.

Application Overview

Applications will be submitted through (this link). Please fill out all sections provided. Incomplete applications will not be considered.

- Online Form Sections
 - School site name
 - School district name

- Project director contact information
 - Course title for which funds are requested
 - Amount of grant request
 - Rationale demonstrating need for funds/significance of grant request
 - Measurable objectives
 - Quality of program
 - Quality of evaluation
- Attachments Section
 - Budget
 - Signed Assurance Statement

Appendix A: Selection Criteria and Reviewers' Scoring Rubric

Indicator	Fully Meets (20 points)	Adequate/Meets (15 points)	Limited/Approaches (5 point)	Inadequate (0 points)
-----------	----------------------------	-------------------------------	---------------------------------	--------------------------

Course Title	The course was not offered at the school in the previous year, and it is clear the school has plans to implement.	The course was previously offered, or more information is needed for implementation plans.	It is not clear if the course is new or the school does not seem to have a plan to offer the course.	The course will not be offered the following year.
Rationale	The rationale is clear as to why the funds are needed and how it will enhance teaching and learning in the AP course.	It is clear why funds are needed but not as clear how it will enhance teaching and learning.	The funds are requested but do not elaborate on why they are needed or how the funds will enhance teaching and learning.	It is not clear what the funds will be used for or why they are needed.
Objectives	The objectives are clearly written, measurable, and answer the who, what, when, how much, and it is measured for each objective	The objectives are clearly written and measurable.	The objectives do state how they will be measured.	The objectives are not written in measurable terms.

Quality of Program	The current state of AP programming is articulated and thorough, explaining why the school is implementing the new AP course or expanding course offerings.	The current state of AP programming is addressed as well as why the school is implementing the new course or expanding, but the description is not thorough.	The current state of AP programming is not addressed or it is not clear why the school is implementing the new course or expanded course.	Neither the state of AP programming or why new implementation of the course are addressed.
Quality of Evaluation	The evaluation structures are simple and effective, measuring all parts of the objective.	The evaluation structures are present and measure the objective.	The evaluation structures do not measure all aspects of the objective.	There do not seem to be clear evaluation structures planned for or put in place.

Appendix B: AP Grant Assurances

- Funds will be utilized in the manner described in the application.
- Any requests to change the approved budget in an amount over \$500 must be made in writing in the OSDE Grant Management System. Approval of a budget change is required prior to spending.
- The 2023 Advanced Placement course for which the grant was awarded must be offered beginning in school year 2023-24.
- College Board AP training will occur in summer 2023 in several locations in the state of Oklahoma. Teachers who have completed an AP training course prior to submitting their grant application should include their course Certificate of Attendance. Teachers who have not completed AP training in the AP subject area requested (or similar area of training) for funding approval must attend a summer training session in 2023 to be eligible for funding. Grant funds will not be available to a school district until the teacher presents a certificate of completion in the OSDE Grant Management System. In addition, teachers are encouraged to attend follow-up training annually.
- AP examinations will be made available for this course and the school district must highly encourage students to participate in the examination. These exams are ordered from College Board/Educational Testing Service and should be made available to each student taking an AP course through an identified funding source. Districts will be required to submit their examination results from the College Board to OSDE no later than June, 2024.
- Grant funds awarded in Spring 2023 must be expended by May 1, 2024. There can be no carryover of funds.
- An Oklahoma Cost Accounting System (OCAS) printout for the appropriate code (Revenue code: 3470, Project Reporting code: 368) showing proper expenditure of funds must be submitted in the Grant Management System in addition to the district's final report no later than June 1, 2024.

I have read, understand, and agree to these grant assurances. Signed this ____ day of _____, 2023.

AP Materials Budget AP Literature & Composition Braggs High School Total Expenditures: \$10,501.23

Materials Requested	Vendor Name and Address	Cost	How will this item enhance this AP course? Why is it important to this class? How does the teacher know this item will be appropriate for this AP course?	How will it be used?	How will you measure the effectiveness of this item?
AMSCO AP Literature & Compositions Text Book	Perfection Learning Corporation, 1000 N. Second Ave., Logan, IA 51548	\$329.50 (15 X 21.95)	Students will be required to read numerous pieces of fiction in class as well as on the AP exam; therefore, providing a current AP Literature handbook should enhance student learning in this area. The text book is on the approved list by the College Board.	The text book will be used to cover all the essential course content and prepare students for the AP exam through a blend of literary works, written by both classic and contemporary writers, and practical writing instruction.	The effectiveness of this resource will be evaluated by various assessments including in class exams, writing assignments, and success on the AP exam. Student retention in the course should also indicate the effectiveness of this resource.
AP Teaching Units and other Teaching Resources for AP Instruction	Prestwick House, Inc., PO Box 658, Clayton, DE 19938 or Amazon 410 Terry Ave N, Seattle, WA 98109	\$349.90	Through teaching materials specifically designed for advanced placement students, the teacher will be better able to simulate the actual AP testing process. It is essential for students to be exposed to questions and exercises that resemble the College Board exam. The materials are recommended by AP readers and institute instructors.	These resources will be used in the AP course during and after reading classic pieces of literature.	Success on the AP style resources should be an indicator of the students' readiness for the actual AP exam. However, the ultimate gauge of effectiveness will be success on the AP exam.
Fiction Book Sets	Amazon 410 Terry Ave N, Seattle, WA 98109	\$826.50	By purchasing copies of classic pieces of American and British literature, students will be provided with the necessary reading materials for the AP course. It is vital that AP students be well-read in a broad range of literature. The books purchased will be by authors on the College Board list of representative authors.	These books will be used to provide reading materials to AP students.	The best way to evaluate the effectiveness for this resource is to review students' progress on the actual AP exam to verify if the student had sufficient background knowledge in classical pieces of literature.

Budget (Continued)

Materials Requested	Vendor Name and Address	Cost	How will this item enhance this AP course? Why is it important to this class? How does the teacher know this item will be appropriate for this AP course?	How will it be used?	How will you measure the effectiveness of this item?
Audio/Visual Resources & Posters	Prestwick House, Inc., PO Box 658, Clayton, DE 19938 <u>or</u> Amazon 410 Terry Ave N, Seattle, WA 98109	\$390	Audio and visual resources will be used to enhance the AP course by providing stimuli for visual and auditory learners. It is important that students are able to see and hear classic literature brought to life. These items are purchased based on recommendations of experienced AP teachers. Visual aids and poster sets will be displayed in the AP classroom to engage students further.	These resources will be used to enhance student learning in the AP classroom.	Students' assessment scores without audio/visual resources will be compared to those with audio/visual resources to determine if overall comprehension is increased through the implementation of these resources. In addition, because there is a direct correlation between achievement and retention, student retention in the course will also be used to identify effectiveness of budget items.
Fiction Book Sets	Amazon 410 Terry Ave N, Seattle, WA 98109	\$826.50	By purchasing copies of classic pieces of American and British literature, students will be provided with the necessary reading materials for the AP course. It is vital that AP students be well-read in a broad range of literature. The books purchased will be by authors on the College Board list of representative authors.	These books will be used to provide reading materials to AP students.	The best way to evaluate the effectiveness for this resource is to review students' progress on the actual AP exam to verify if the student had sufficient background knowledge in classical pieces of literature.
3 Ring Binders & Folders	Amazon 410 Terry Ave N, Seattle, WA 98109	\$225.90	Students will maintain course portfolios with completed work and resources. This will assist students in organizational skills, which will assist in their overall preparation for the AP exam. The instructor feels it is imperative to compile and organize course resources, so that they are easily accessible for all course preparation projects.	The binders and folders will be utilized to store and organize students' AP work and other pertinent AP resources.	Students' success in the course itself as well as on the AP exam will be an effective measure of their usefulness and effectiveness.

Budget (Continued)

Materials Requested	Vendor Name and Address	Cost	How will this item enhance this AP course? Why is it important to this class? How does the teacher know this item will be appropriate for this AP course?	How will it be used?	How will you measure the effectiveness of this item?
Technology: 15 Student iPads with cases and keyboards and two classroom charging stations	Apple Education P.O. Box 846095, Dallas, TX, 75284-6095	\$7,451 iPads (6,749.50) Cases & Keyboards (599.85) Charging Stations (101.98)	iPads will enhance the AP course by providing a technology resource to students who may not otherwise have access to such. It is important for students to conduct research, type essays, and view visual aids related to classic literature. Using technology in the classroom has become a staple in today's digital world and has been proven to be an effective teaching resource. Technology items also serve to spark interest among prospective AP students.	Students will be allowed to use the iPads during class time and may also check them out for home use. Students will use the iPads for constructing essays, crafting dialectical journal responses, and conducting research.	Effectiveness of this item will be measured by success on the AP exam, student retention, and overall improvement in the AP course.

(Itemized budget begins on the next page.)

Sustaining the Course:

The Braggs School District is enthusiastic about the implementation and continuation of an AP English Literature and Composition course. Therefore, they are dedicated to sustaining the course once grant funds are exhausted. They will continue to provide salary for the AP instructor, reimburse expenses incurred to attend AP training, replace text books, book sets, and other curriculum materials on an as needed basis, and pay for students to take the AP exam on a yearly basis.

ITEMIZED BUDGET: AP MATERIALS GRANT**AP ENGLISH LITERATURE & COMPOSITION**

Braggs High School

ITEM	PURPOSE	QUANTITY	PRICE EACH	TOTAL PRICE	VENDOR
iPad 10th Generation Tablet	Students will need a device to write essays, construct online dialectical journal responses, read digital texts, and conduct research. This will assist students in preparing for the AP Literature free response questions.	15	\$ 449.99	\$ 6,749.85	Apple Education

James Styers:

AP Music Theory Computer Lab would be as follows.

1. Equipment Cost:

- 20 M-Audio Keystation 61 MK3 61-key Keyboard Controllers @ \$200 each = \$4000
- 20 Audio-Technica ATH-M50x Closed-back Studio Monitoring Headphones @ \$200 each = \$4000

Total Cost:

- Equipment Cost: \$8000

Kimberly Banz:

Item/Description	Quantity	Unit	Unit Price	Total Cost

Amelia Brown:

Equipment	Cost	Quantity	Total Cost	Purpose
SWIFT SW380B Research-Grade Binocular Compound Lab Microscope,40X-2500X,with 5MP Camera and Software Windows/Mac Compatible and 100pcs Blank Slides,Mechanical Stage	414.99	10	4149.9	Microscopes allow us to visualize cellular structures and processes in real time. Cameras allow for multiple individuals to view a specimen or phenomenon. These will be used in conjunction with multiple labs covering AP concepts in Unit 2, 3, 4, 5 and 8.
Mobile Lab Cart with Chemical-Resistant Laminate Top	1086.8	2	2173.6	Storage for microscopes allows them to be cared for properly so they may last a lifetime.
Mobile Microscope Storage Cabinet	1438.8	1	1438.8	Storage for Biotechnology equipment allows them to be maintained for a decade.
Instructor's Desk with Flat-Top	3808.2	1	3808.2	A lab grade desk will allow demonstration of proper lab technique.
Nitrile gloves Medium (1000)	74.99	1	74.99	Gloves are necessary for many biotechnology labs to ensure sterile environment.
Nitrile gloves Large (1000)	74.99	1	74.99	
Nitrile gloves XL (1000)	74.99	1	74.99	
Barron's AP Biology Study Book	20	30	600	Covers all AP concepts in condensed easy to study format.
AP Biology Curriculum TPT	500	1	500	Covers all AP content in detail, including lab activities, student worksheets, powerpoints, and more.
12-Digit Scientific/Engineering Calculator	12.99	30	389.7	Necessary for calculations in all AP units.
Let it Glow™ Bacterial Transformation MiniLab and 3 The Winston™ Fluorescence Readers (M6301)	339	3	1017	State of the art biotechnology used in AP units 5, 6 and 7.
MiniOne Classroom Package of 10 (M1010)	2999	1	2999	State of the art biotechnology used in AP units 5, 6 and 7.
SpiniOne Centrifuge, 1 Complete System (M2034)	114	1	114	State of the art biotechnology used in AP units 5, 6 and 7.
AP Bio Fundamentals Expanded Single User Reagent Set, 5 lab activities (M3085)	119	10	1190	State of the art biotechnology used in AP units 5, 6 and 7.
Carolina Investigations® for Use with AP® Biology: Plant Pigments and Photosynthesis 8-Station Kit (with voucher)	132	2	264	Lab activity for 2, 3, and 4
Photosynthesis and Cellular respiration with Algae Bead Kit	93.5	2	187	Lab activity for 2, 3, and 4
FlinnPREP™ Inquiry Labs for AP® Biology: Diffusion and Osmosis	109.59	2	219.18	Lab activity for unit 1 and 2
FlinnPREP™ Inquiry Labs for AP® Biology: Artificial Selection	105.4	2	210.8	Lab activity for unit 7 and 8.
LABRIMP 4pcs Seedling Hydroponics Type Plants Fruit Bulbs US Blooming Growth Plant Greenhouse Full Flower Light LED Growing Plug Clip Indoor Vegetable Black for Lamp Grow Fruiting	124.19	2	248.38	Equipment for photosynthesis labs and artificial selection labs.
Peptide: A Protein Building Game	21.99	5	109.95	A learning game that teaches unit 1 and 3
Apple 2021 10.2-inch iPad (Wi-Fi, 64GB)	329	10	3290	ipads will be used in conjunction with microscope cameras to view specimens. Ipads are to utilize curriculum from HHMI covering all 8 AP biology units.

Ipad case rugged case	30	10	300	Protection for ipads keeps them functional for years.
typecase Touch iPad 9th Generation Case with Keyboard	64.98	1	64.98	Used by instructor while in the lab to import class data, manage learning management systems, and other administrative tasks.
Crayola Colored Pencils Classpack, 240 Count, Bulk Classroom Supplies For Teachers, 12 Assorted Colors	43.59	1	43.59	Craft supplies are used to generate models, lab posters, research presentations, graphical displays and used throughout the curriculum to reinforce concepts.
Scissors Bulk Set of 25-Pack,	30.99	1	30.99	Craft supplies are used to generate models, lab posters, research presentations, graphical displays and used throughout the curriculum to reinforce concepts.
6 Pack Plastic Color Rulers	5.99	6	35.94	Craft supplies are used to generate models, lab posters, research presentations, graphical displays and used throughout the curriculum to reinforce concepts.
NewPath Learning 24-9007 Biology Review Curriculum Mastery Game, High School, Class Pack	109.95	1	109.95	Review activity used to assess student understanding of required prerequisite intro biology class.
Distilled water	5	5	25	Materials required for labs.
Sterile Transfer Pipettes	42	1	42	Materials required for labs.
Sharpie Permanent Markers, Fine Point, Assorted Colors, 12 Count	22.03	4	88.12	Craft supplies are used to generate models, lab posters, research presentations, graphical displays and used throughout the curriculum to reinforce concepts.
Expo Markers 36 count	29.99	2	59.98	Craft supplies are used to generate models, lab posters, research presentations, graphical displays and used throughout the curriculum to reinforce concepts.
VIZ-PRO Double-Sided Magnetic Mobile Whiteboard, 48 x 32 Inches	128.9	4	515.6	Used in lab by students for a variety of purposes including data collection, peer presentations, and group learning assignments.
Total Cost			24450.63

PIVOT INTERACTIVES SITE LICENSE AMTA MODELING INSTRUCTION LIFETIME MEMBERSHIP

Classroom

Life Membership

For modelers who want to pay once instead of renewing annually.

Refund Policy: Requests for membership refund must be submitted within 24 hours of payment to be considered. Fees are processed in the United States.

When selecting "pay later" option, please contact klove@modelinginstruction.org for invoicing.

Amount: *	\$500.00
Payment Options:	This is One time payment for Lifetime Membership.

\$5.50 per seat

- Access to 500+ activities for 1 year
- Ability to customize any activity
- Hands-on sensor integration
- Co-Lab® for student collaboration
- Basic LMS Integration
- On-demand professional development

FINAL BUDGET
